

MEET HALEY KUSTER

E&E Faculty

About Me

Haley's childhood dream came true when she was invited to join this studio following the dance instructors she idolized growing up. Having started dance class at the age of two and a half, she fully invests into petite dancers their first few precious years of dance.

When she isn't at the studio she can often be found dancing in the kitchen with her two children and puppies. She loves playing games and laughing until it hurts with loved ones. Believing that laughter is the best medicine; you can usually hear her before you see her.

Haley is closing her second decade of teaching a wide range of areas and ages - spending the last few years teaching preschool. She holds a degree in Early Childhood Education as well as multiple certifications in the field, most recently being Rhythm Works Integrative Dance. She thoroughly enjoys teaching Little Learners PreSchool just as much as she does each dance class.

Haley adores being a part of the **E&E Dance Company** family - as a dance mom and dance instructor alike!
